MEMORANDUM FOR: Deputy Director of Central Intelligence
FROM: Director of Central Intelligence
SUBJECT: FOIA Relief Legislation

Smith will expect to hear from you to fix a meeting in the next day or so. In the interim, he will round up the right people. When you talk to him I suggest that you emphasize that this is a matter that needs to be resolved at the top. Perhaps we have to ask for a White House decision on the relative value of FOIA exemption and the privacy defense against FOIA requests.

MEMORANDUM FOR: Director of Central Intelligence

FROM:

[REDACTED]
Deputy Director, Office of Legislative
Liaison

SUBJECT: FOIA Relief Legislation

STATUS OF LEGISLATION

1. Our FOIA relief legislation has been reported out of the SSCI unanimously, passed the Senate and has been sent to the House, where it has been referred jointly to the HPSCI and the Government Operations Committee. After public hearings by the HPSCI, the Bill was extensively redrafted, primarily to accommodate a desire by Mr. Mazzoli (urged upon him by the ACLU) to strengthen the Judicial Review provision of the Bill. The new version (H.R. 5164--the CIA Information Act) does not differ markedly in substance from the Senate version and is acceptable to us. At our request, Chairman Goldwater has written a letter to Chairman Boland stating that the SSCI would support H.R. 5164 provided it passes the House without substantial change.

2. H.R. 5164 was marked up by the HPSCI on 11 April 1984 and the accompanying report was approved. Thereafter, Representative Glenn English's Subcommittee on Government Information, Justice and Agriculture informed us that they had no concerns with H.R. 5164 as drafted, but they would go through the formalities of hearings, but anticipated that it would be marked-up and reported out of Subcommittee and full Committee unchanged. However, we were informed that Mr. English intends to amend our Bill with a provision affecting the interrelationship of the FOIA and the Privacy Act--hereinafter referred to as the "(b)(3) Amendment" (see below). Mr. English's Subcommittee held hearings on our Bill on 10 May at which Chuck Briggs was our principal witness. These hearings went very well and mark-up was scheduled to take place in early June.

3. Shortly before the scheduled mark-up, we were informed by Mr. English's Committee that the Chairman had
